Agenda

- Welcome and introduction
- Lynn O'Mara
 - Nevada State HIT Coordinator, Interim Chair of the Western States Consortium
- Q&A
- HIE Survey
- Upcoming Events

SHPC Western States Consortium (WSC) for Interstate HIE

eHI Connecting Communities Workgroup

Lynn O'Mara, MBA

Nevada State Health IT Coordinator

Department of Health and Human Services

775.684.7593

lgomara@dhhs.nv.gov

Western States Consortium (WSC) for Interstate HIE

- ❑ **ONC State Health Policy Consortium Project** focused on the governance needed to facilitate and support **Interstate HIE**, using Direct Secure Messaging
 - **Resolve policy issues, especially those related to privacy, security and data use**
 - **Develop standards and requirements for trusted services, beginning with Direct Secure Messaging**
 - **Project final report to be released by ONC in July**
- ❑ Core States: Alaska, Arizona, California, Hawaii, Nevada, New Mexico, Oregon and Utah
- ❑ Pilot States: California and Oregon
- ❑ Affiliate States: Colorado, Florida, Georgia, Idaho, Michigan, Ohio and Washington

Western States Consortium (WSC) for Interstate HIE

□ Key Outcomes

- **California and Oregon in production with interstate HIE, including address discovery using provider directories**
- **Understanding the role and importance of effective HIE Governance for interstate HIE**
- **National Association of Trusted Exchange (NATE)** established by several WSC core members as a formal Governance body to continue advancing HIE

-
- ❑ Independent non-profit organization established in Washington DC, May 2013
 - Bylaws, governance body, and organizational structure being developed
 - Vision: HIE Governance is the path to trusted exchange
 - Mission: Initiate and/or participate in the development of national standards that support ongoing HIE
 - Member, DirectTrust (independent non-profit trade association establishment of a national Security and Trust Framework in support of Direct Secure Messaging)
 - ❑ State Level Membership
 - Member States: Alaska, California, Hawaii, Nevada, Oregon and Utah
 - Interested States: Arizona, Colorado, Florida, Idaho, Michigan, New Mexico, North Dakota, and Ohio

HIE Governance

- ❑ Collaborative relationships enabling strategic and operational coordination, while facilitating oversight for the secure intra-state, interstate and nationwide electronic exchange of information that supports federal and state laws
- ❑ Insulated from state and federal administration changes
- ❑ Neutral, transparent forum
- ❑ Two Primary Components:
 - **Defining a governance entity role and functions** – establishing a convening and coordination structure, including processes for maintaining transparency and generating multi-stakeholder public-private collaboration
 - **Defining accountabilities, oversight provisions and protocols** – establishing mechanisms to ensure that the public benefit is served via national standards and HIE best practices

Q&A

2013 HIE Survey

- The survey is currently being tested by a few HIEs
- Should be released no later than Friday
- Fewer questions, but still covers topics such as:
 - Governance
 - Sustainability
 - Operations
 - Challenges
